

**POLICY—600.10—REMEDATION CLASSES FOR CORE COURSES**

	<b>DISTRICT CODE:</b> 5.24.88	<b>ADOPTED:</b> 5.24.88
	<b>RESCINDS:</b> IKFC	<b>ADOPTED:</b> 5.24.88

**BOARD POLICY**

1. Utah Annotated Code §53A-13-104 requires school districts to offer remedial classes for students in grades 7-12. The Board delegates to the District Administration responsibility for devising and implementing an adequate system of remediation so that students can meet competency levels in all required core subject areas.
2. The Board authorizes the Superintendent and District Administration to establish administrative regulations consistent with this policy.

	<b>ADMIN-REG:</b> 600.10-1	<b>APPROVED:</b> 5.24.88
--	-------------------------------	-----------------------------

**ADMINISTRATIVE REGULATION—600.10-1:**

It will be the responsibility of the School Performance Directors to work with principals to ensure that all students are given adequate instruction to meet competency levels in all subject areas.

1. Meeting competency in all required core class will be defined as receiving a "D" grade or better in the class. Any student who receives an "F" in an English, mathematics, science, or social studies required core class has failed to meet the competency level.
2. Parents will be notified by letter if their student has not met competency in any class.
3. Students who do not meet competency levels in required core classes--English, mathematics, science and social studies--will be required to take remediation classes.
4. Students are not required to repeat a required core class when competency is not met but must attend and complete or pass the remediation class.
5. Remediation classes will be offered in the after-school make-up program, in summer school, or through approved extension classes. Attendance in remedial classes is mandatory.
6. The remediation classes will be structured to enable students to get 1/4 credit by successfully completing the remediation class.
7. Fees will be charged for remediation classes according to the current fee schedule adopted by the Board of Education.
8. Remediation may not constitute reason to retain a student in a grade level. Students who fail any of the required core classes will be allowed a probationary registration in the next higher grade while completing remediation classes. Students in grades 7 and 8

who fail core classes and elect not to register for remediation classes will be retained in their present grade. Students and parents may appeal this decision to a local school committee comprised of the following:

- 8.1. School administrator
  - 8.2. The student's counselor
  - 8.3. Teacher representative
  - 8.4. Two parent representatives
9. Students in grades 9 to 12 will be evaluated as often as necessary to determine their progress toward graduation.
10. Handicapped students will be exempted from remediation requirements if they are meeting IEP requirements.
11. Transportation to and from remediation classes is the responsibility of students and parents.
12. If a student does not pass a remediation class, the principal may waive the remediation requirement.
