

GUIDELINES FOR (F-1) FOREIGN EXCHANGE STUDENT REGISTRATION
(Sponsoring agencies must follow these detailed guidelines)

Foreign Exchange Students (F-1 status)

A "F-1 foreign exchange student" means a foreign national secondary student who has entered the United States, for **ONE YEAR**, for a cultural and educational experience in a public school, and whose placement is approved by the Canyons School District Board of Education.

F-1 foreign exchange students must be placed by a Canyons School District (CSD) approved exchange program agency or by a Canyons School District Principal Designated School Official (PDSO). For application, all agencies must: be certified through the Council on Standards for International Education Travel (CSIET), and agencies must also complete the CSD required sworn affidavit of assurances as prescribed in state law. The deadline for application must be submitted to the Office of Planning and Enrollment by June 1.

Canyons School District will determine annually how many F-1 foreign exchange students may be accepted based on availability of space and legislative resources. No more than 5 foreign exchange F-1 students may be placed in any one of Canyons high schools at any one time. Student applications from approved agencies are to be submitted to the Office of Planning and Enrollment *prior to June 1*; however, the district may reach its quota before June 1.

Agency Representatives should contact the Department of Planning and Enrollment for placement of F-1 Foreign Exchange Students.

Host Family Changes: During the school year, some students may change host families due to unforeseen circumstances. Students who must change host family arrangements will need to have the approval of the agency representative that sponsors them, and/or acknowledgement and approval from the Department of Planning and Enrollment. The host family and agency representatives must notify the Department of Planning and Enrollment, and provide a new completed Host Family Agreement along with a New School Acceptance Form. Once this is received and signed by the Department of Planning and Enrollment, Canyons School District will issue a Foreign Student Permit to Enroll to the new host parent, who will then provide a copy of the form to the boundary school where the new host parent and student reside.

Additionally, the failure of any Agency Representative to comply with the conditions set forth in these guidelines as well as the Agency Assurance Form, CSJET Regulations, U.S. Department of State guidelines and policies, State of Utah guidelines and policies and/or Immigration law may result in Canyons School District’s refusal to accept future F-1 student placements from that agency.
